Volume 40, Number 2. — **THE ALUMNUS** is entered as second class matter at the post office in Cedar Falls, Iowa, under the act of August 24, 1912. Authority granted January 27, 1930. It is published and distributed quarterly in September, December, February and May by State College of Iowa. The Alumnus is mailed without charge to 22,500 alumni. As second class matter it is not forwardable without extra cost.

# Forty-seven SCI Students Take a First Hand Look at Europe

**F**ORTY-SEVEN students from the college spent the summer studying and touring in the Social Science Seminar in Europe. The group spent two weeks at Oxford University in England, and two weeks at the University of Vienna. In between, they toured eight countries, and took a side trip to Moscow.

The seminar, worth six semester hours of credit, served as an introduction to European life. The primary emphasis, according to Directors Dr. Louis Bultena and Dr. Howard Jones, was on the social, political and economic trends and problems of Europe.

At Oxford, the group studied the British educational and political system. At Vienna, the seminar concentrated on the politics and problems of Europe, with special attention to those involved in the Cold War.

Miss Lynda Krueger, of Waterloo, a member of the College Eye staff, sent us pictures and reports about the lighter as well as the serious aspects of the tour. We have her assurances

**Sandra Koch, Davenport, and Judy Zuber chat with one of their British professors at Oxford University.**

**Carl Oldsen, Rockford, Judy Zuber, Davenport, and James Ferguson, Grand Junction, viewing the Austrian Alps.**

that everyone had, as she put it, "a jolly good time."

We'll let her letters speak for themselves:

June 16

We are on the ship sailing down the St. Lawrence Seaway to Quebec. It's all so exciting. I've never seen so many different new sights all at once. And so luxurious.

(1 hour later)

I had to stop writing because we had a "muster." We jumped into our life jackets and went on deck while the life boats were lowered to our level. Then it was tea time. The lounge has big plushy chairs and carpets and beautiful decor. We were served various breads, *petit fours*, tiny pies and cakes. Everything is so delicious. But it seems like all we do is eat. I try the most different things on the menu, and what a surprise I sometimes get.

Yesterday we stayed in Montreal. My roommate and I walked around for about five hours. We climbed Mount Royal. From there you can look over the entire city and the Seaway. It was the loveliest, cleanest city I've ever seen.

I'm getting so much service, I'll be completely spoiled when I return home. Also, I've never had so much equipment to work with. We have ten pieces of silverware for breakfast, din-

(Continued on next page)

(Continued from preceeding page)

ner and supper. Some meal I'll succeed in using them all!

I'll think of you in your warm office working so hard, while I'm having the most pleasant time of my life up to this time.

June 22

If you ever want to truly relax, you should consider a short cruise. All you have to do is enjoy the peace and beauty of the trip while your every desire is fulfilled just by pushing a button and asking.

It is now almost 10 p.m. and the sun is still out in the Bay of Liverpool. It is still light at midnight here, which makes it seem strange to sleep. For the first time in my life I stayed up all night, talking to a man from Ireland who has been all over the world as a seaman and is now retiring. We covered everything from socialism and communism to sailing and fishing. I think I learned more from talking with him than a semester spent in many of my classes.

July 7 (At Oxford)

We had several cloudy days, but I was forced to don my trench coat only twice. Classes and discussions last until 12:30 p.m. and sometimes are conducted again in the evening. Nearly every afternoon we went into the country to visit castles, an MG assembling plant, Stratford (we saw **Hamlet**), and different kinds of schools.

Driving over the "dual carriageways" (four-lane highways) we looked for the "diversions ahead," but found only detours. "Bunkering Service" in "petrol" stations turned out to be credit cards honored in gas stations. Motorists are warned "Do Not Overtake" (do not pass) or "Keep to the Sideways" (the left side).

Travelers seeking a roadside park for a pause in their travels should look for a "lay-by," we learned. While visiting the park, we were advised to park our cars in diagonal "bags."

"Way Out" may mean "a real beat Beat" to Americans, but to the English it means exit! The daily sunrise hour can be found in the morning paper under "lighting up time."

Soft drinks are consumed warm, as ice is rarely used in Great Britain. Coffee with chocolate ice cream is a popular drink, but ice cream is known as "ice" or "cream ice." We have "biscuits" (cookies) with white tea for a coffee break.

Children in England are "clever" or "dull." They are "streamed" into groups according to ability and classed into "forms" instead of grades. A school principal is called "Head Master" by Britishers, while teachers are known as "Master" and "Mistress."

Not to be overlooked is the agricultural progress in England. One of our group found a "Pig Progeny Testing Station."

July 24 (At Vienna)

Nothing exciting has happened to the group.

All of us are busy studying.

The trip across Holland and West Germany was interesting, though fast and hectic. The weather turned dismal, but we bravely suffered through it.

Vienna is a lovely city, bursting with the remains of the Hapsburg empire. I hope to explore through it before we leave. Our lectures deal with communism and Western and Eastern thought . . . all deep and philosophical.

We take the night train into Poland July 28. I'll write again after Moscow.

August 8 (back in Vienna)

Moscow and the Soviet bloc are certainly different than the West. The standard of living is so low. The people live on a diet of bread and potatoes in drab apartments of two rooms or shacks. It is a very foreign existence for a Westerner to comprehend.

By the way, we were in Moscow when the second astronaut orbited and returned. We seem to be touring Europe in a rather history-making year—England joining the Common Market (maybe) and the Tyrol crisis between Austria and Italy. We keep traveling across Tyrol. Last week they bombed train connections. Great fun.

Must study now. We are having eight two-hour lectures followed immediately by a test Friday over all we have learned since Oxford.

See you in a few weeks.

*Name Changed, Function  
Modified, But . . .*

## Alums Will Still Recognize it as the Same College

**LITTLE** immediate change in enrollment or total course offerings is anticipated at SCI as a result of the broadened function of the College.

The College will offer, beginning this year, a general four-year program leading to the bachelor's degree in liberal and vocational arts, in addition to the professional bachelor's degree leading to certification for teaching in the elementary and secondary schools.

Except for the omission of professional teacher education courses, the new degree has resulted in no major curriculum changes. This is because the College required the equivalent of a liberal arts education when its sole function was the preparation of teachers.

The total number of semester hours required for graduation under the general bachelor of arts program will be 124, as compared with 130 hours required for graduation under the professional teaching degree program.

As officially stated, the major goals in the general bachelor's degree program are "the advancement of humane learning and the preparation of young men and women to cope intelligently, effectively, and reasonably with the complex changing conditions of life in modern society."

"The desired result of this degree program," says Dean of Instruction William C. Lang, "is not an individual who conforms to society as it is or sees his own vocation within the narrow confines of his day to day occupation, but rather a person enriched in mind and spirit and so stimulated that he will seek with eagerness to contribute to the benefit of the world in which he lives."

Students wishing to enroll in the new degree program may major in the fol-

lowing fields: art, business, home economics, industrial arts, English, French, German, speech, mathematics, music, physical education for men, general science, biology, chemistry, physics, social science, history and geography.

A major in the field constitutes from 30 to 40 semester hours of course work.

Minors (15 to 20 semester hours) will be available in most of the above fields. In addition, minors will be available in psychology, physical education for women, Latin, Russian and Spanish.

The academic requirements for admission into the general bachelor of arts program will remain the same as for the professional degree.

Students wishing to work toward a baccalaureate degree in teaching may file application for approval in the teacher education program after earning at least 24 semester hours credit. The student must pass such tests and meet such other standards as prescribed by a teacher education committee.

Normally, a student will be expected to meet full approval by the beginning of the junior year if he wishes to complete requirements for his degree in the minimum time.

A student may, at the time of admission to the college, declare an intent to enter the teaching program and be assigned a teaching adviser from his first enrollment.

## Upcoming On Campus

September 23, 1961 (Saturday)—NE Iowa District Conference on "Practical Uses of the Newer Media for the Improvement of Instruction"

September 30, 1961 (Saturday)—Elementary Education Conference

October 6-7, 1961 (Friday and Saturday)—Guidance and Counseling Conference

October 12, 1961 (Thursday)—Small Business Management Conference

October 13, 1961 (Friday)—Beginning Business Teachers' Conference

October 13-15, 1961—Homecoming Weekend

November 9, 1961 (Thursday)—Prospective Teachers Day

## Football and Fun For Alumni at Homecoming, Oct. 14

**T**HERE WILL BE something for everyone at the big 1961 SCI Homecoming, October 14.

For the football fans, the Panther gridders will meet Augustana at 1:30 p.m. in a key NCC contest.

For parade-lovers, the homecoming parade will pass in review in the morning both through downtown Cedar Falls, and by the college.

On Friday night before the game, SCI students will put on the annual production of Homecoming Varieties, and on Saturday night the big Homecoming dance will be held in the Commons Ballroom.

Of specific interest to alumni will be the teas, coffees and dinners planned by many of the fraternities, sororities and other campus organizations. Although exact times and places have not as yet been determined, most of these events will take place following the game. A list of such events, with time and place will be available at various locations around the campus, including the information desk at the Commons.

A special event for all alumni will be the buffet luncheon in the Commons just prior to the game. There will be a nominal charge for the meal, and all graduates are cordially invited to attend.

Theme of the 1961 homecoming is a play on words, "SCI's the Limit." Dave Appleby, of Manchester, is chairman of the homecoming committee.

Many departments are making special plans to greet returning alumni, and in all cases alums will be warmly welcome to drop in for a visit.

The queen and her court pass by in the big Homecoming Parade.

## ***Buildings Here Named —And Renamed***

The State Board of Regents has authorized the College to name and rename several new and old buildings on campus.

Functional names will be given four new buildings under construction or recently authorized — the Administration Building, Music Building, Health Service and Library.

The name of the existing residence hall for men is being changed from "Seerley-Baker Hall" to "Baker Hall for Men." "Baker Hall" was named in honor of George T. Baker, of Davenport, long-time President of the State Board of Education.

The present library, which will become a classroom building after the new library is built, will be named "Seerley Hall." Homer H. Seerley, who, as President of Iowa State Normal School and Iowa State Teachers College for 42 years, undoubtedly had a greater impact on the institution than any other person. This substantial and attractive classroom building has served since 1907 as the college library.

The men's residence hall now under construction will be called "Regents Hall for Men." The name was chosen to honor all the citizens of the state

## **NSF Grant to SCI For Math Institute**

State College has been awarded a National Science Foundation grant for support of an In-Service Institute in Mathematics for Elementary School Teachers for the 1961-62 school year.

The Institute will be under the direction of Dr. Glenadine Gibb, professor of mathematics at SCI.

Purpose of the Institute program will be to provide teachers with the opportunity to study the underlying mathematical ideas of arithmetic, to consider effective teaching devices, and to provide consultative service to aid teachers in implementing these ideas.

Associate director of the institute will be Dr. Richard D. Crumley.

This is the second consecutive year that the NSF-sponsored Institute has been conducted at the College under the direction of Dr. Gibb.

---

who have served as members of the State Board of Regents (and the State Board of Education).

**The Library, which will become a classroom building when a new library is built, Former President Homer Seerley's name will then be given to the building which was constructed during his administration.**

# Legislature Appropriates 12.5% More Than 1960-61 for College Operation

THE STATE COLLEGE of Iowa will have an operating budget of \$3,914,000 a year for the next two years, along with a total of \$2,420,000 for capital improvements for the biennium ending June, 1963.

"While the legislature did not appropriate as much as we requested, it did give the College 12.5 per cent more money than in 1959-61, an increase of \$418,000, and this is no small amount," says President J. W. Maucker.

"We are adding instructional staff in a few areas and our present staff is fairly well in balance. We are nearing completion of construction on three new major buildings on campus, and a fourth major addition to the arts and industries building. Funds for two of these were appropriated by the legislature two years ago."

With these new buildings, the music department will be moving into the new music education building this year, as will the health services into their new building. Although the new Regents Hall for Men will not house all 400 students as hoped this fall, the building should be in full use before the end of the academic year. Tax funds are not used for dormitory construction. The Regents Hall is being financed through loans supported by earnings of the dormitory system.

The general assembly did not approve the College request for a garage receiving depot and storage building, and an addition to the auditorium building. However, it did provide funds for the first unit of a new library building and a new administration building.

The amount appropriated for the new library and equipment was \$1,500,000. The new administration building project budget was set at \$720,000 including equipment.

The legislature also approved a number of repair and replacement projects in their appropriations which are as follows: modernization of heat-

ing in the science building and Wright hall, improvement in the heat distribution system, replacement of heat coils in the auditorium and library, provision of aluminum sunshades for the exterior of the arts and industries building, provision of sound control for improvement of the use of the men's gymnasium as an auditorium, and development of the west campus grounds.

The college is gradually becoming more selective in admission of students, yet enrollment figures are steadily rising.

"I feel that we have made some real headway," says President Maucker. "I don't mean that there aren't going to be difficult times ahead. But we have a good deal to work with, and we have a good staff and a good tradition. The outlook for the future is good."

**Construction of the new Music Building, to be ready for use in the spring of 1962. A structure for cultural enrichment both in function and appearance.**

## Three Long-Time College Faculty Members Retire

**T**HREE retiring faculty members of the College were honored at a Faculty Recognition Breakfast at commencement time.

They include Dr. Valiant D. French, director of the Student Health Service and Miss Agnes R. Gullickson and Miss Verna J. Adney, both associate professors and supervisors in the SCI department of teaching. Miss Adney and Miss Gullickson are teachers in Edison School, Waterloo.

Dr. French was a general medical practitioner in Riverside and Carson, Iowa, for 25 years. During World War II he served as a medical examiner for the Draft Board. Following a period of semi-retirement during which he studied psychiatry, Dr. French came to the College.

He studied at Drake University and State University of Iowa and holds his M.D. from Rush Medical College.

Miss Gullickson, a third grade teacher, joined the faculty in 1926. Previously, she taught in Winneshiek, Fort Atkinson and Postville.

She received the bachelor's degree from SCI, the master's degree at Columbia and completed advanced study at the Universities of Chicago, Colorado, Minnesota, and the Peabody College for Teachers.

Miss Adney, a second grade teacher, taught in Iowa schools and a South Dakota teachers' college before coming here in 1927.

She earned her bachelor's and master's degrees at SCI and Columbia University respectively and took advanced study at the Universities of Iowa, Colorado and Chicago.

SCI President J. W. Maucker presided at the breakfast which was attended by faculty members and their wives, and emeritus faculty members.

## Maucker Announces Faculty Promotions

Faculty promotions at the College were announced by President J. W. Maucker following approval by the State Board of Regents.

Promoted from associate professor to professor were Walter DeKock, in the department of education and psychology; Stanley Wood, department of languages, speech and literature; E. W. Hamilton and Fred Lott, mathematics; Emil Bock, music; Mrs. Dorothy Matala, science; Charles Leavitt, social science; and Alfred Moon and Ross Nielsen, department of teaching.

Promoted from assistant professor to associate professor were Don Finegan of the department of art; Calvin Daane, education and psychology; Edwin Maurer and Edward Thorne, both in languages, speech and literature; Arthur Dickinson, physical education for men; Howard Thompson, social science; and Miss Phyllis McCarthy, teaching.

Promoted from instructor to assistant professor were Kenneth Hansen of the business education department; Donald Wendt, music; and Thelma Joan Englund, Joseph Hohlfeld and Russell Hansen, all of the department of teaching.

## Cowley Named Acting Head of Department

Dr. John P. Cowley has been named acting head of the department of languages, speech and literature at the State College of Iowa.

Dr. Cowley, professor of English, will serve as head of the department during the one-year absence of Dr. H. Willard Reninger, who will serve as a Fulbright lecturer in India during the 1961-62 academic year.

Dr. Cowley received his B.A. at Heidelberg College, Tiffin, O., and his M.A. from the University of Wichita, Kans. He holds a doctorate degree from Yale University. He is a specialist in 19th century English literature.

## Word Around the Conference: Get the Panthers!

**STAN SHERIFF**, who last year became "top banana" with his conference championship football team, is now faced with the problem of the man who begins his career at the top: How to stay there with everyone gunning for you.

Sheriff

The football team last fall enjoyed one of the finest seasons in the school's history — nine regular-season wins before a reversal in a bowl game. All this in Stan's first year of collegiate coaching.

Big, amiable Stan is not thinking of a perfect season, but figures his gridders have as good a chance as any to win the North Central Conference championship, with the strongest competition coming from North Dakota University, South Dakota State and Augustana.

Eighteen lettermen are returning, including all-conference guard Wendell Williams of Mt. Pleasant, plus second team selections John Raffensperger of Iowa City, an end, and Al Sonnenberg of Collinsville, Ill., a tackle who will convert to center. It's a sizable nucleus of vets.

However, five all-league players will be missing, including quarterback Jerry Morgan of Gary, Ind., guard George Asleson of Charles City, center Charlie Schulte of Elkader, end Mace Reyerson of Northwood and fullback Warren Hansen of Harlan.

Sheriff thinks his strongest positions will be halfback and guard, the weakest, end and tackle. Center, fullback and quarterback are rated as fair. The crop of sophomores and other newcomers, Sheriff believes, is better than usual, and their performance will de-

termine to a large extent the success of the season.

Hansen

Remmert

### Hansen, Remmert To Assist in Football

Warren Hansen and Dennis Remmert have been named assistant football coaches at the College.

Both are recent Panther stars who graduated in June.

Hansen was an All-North Central Conference fullback for SCI's title team last fall. He captained the team his last two years, when he carried the ball 237 times for 1,072 yards.

Remmert was a captain in 1959, when he was an all-league tackle and Little All-America. He played part of last season with Buffalo of the American Football League.

Remmert is a native of Mason City. Hansen is from Harlan. Both will also do graduate work.

They replace John Sullivan, who will coach at Ellsworth Junior College in Iowa Falls, and Greg Bice, who will coach at Grundy Center.

### 262,144 to 1

What are the odds against State College of Iowa winning nine straight football games again this fall? Exactly 262,144 to 1, according to Dr. Fred Lott of the SCI math department. We don't know if those are the same odds being quoted at Las Vegas, but if they are, it might be worth while to invest a buck.

## 1961 Baseball Team Dominates Loop

Lyle Thomson of Kanawha topped the college baseball team this spring with a .421 average, while Waterloo first baseman Larry Kehoe ended with a .415 average. Both were seniors.

Kehoe led the Panthers in RBI's with 15 and total bases with 34.

The Panthers finished with 11 wins and 4 losses. For the second time in four years, Coach Mon Whitford's club won the North Central Conference title and a berth in the NCAA district five play-off.

The Panthers had a big edge in most statistical departments. They led in runs (117-50), hits (146-79), and home runs (17-5).

Ed Watt of Iowa City led a mound staff that compiled a nifty 2.71 earned-run average. Watt had a 5-1 record, struck out 56 and had a 1.98 ERA.

Darrell Bunge of Massillon was 3-0, and Dave Ray of Waterloo was 3-2.

Watt, who also played third base, hit four home runs to top that department. He was second in RBI's with 14 and had a .347 average.

Left fielder Jim Steiert of Osage ranked third in hitting with a .373 average and 12 RBI's. Shortstop Ed Ware of Muscatine hit .333 and was second in total bases with 33.

Thompson, Kehoe, Steiert, Watt and Ware were all-conference selections. Seniors on the club besides Thompson and Kehoe were Ray, catcher Bernie Hutchison, infielder Jerry Newton, and center fielder Dennis Olejniczak.

### KXEL to Air Games

Alumni will be interested to know that KXEL, Waterloo's 50,000 watt station, will broadcast Panther football games, home and away, during the 1961 season. KXEL is 1540 on the dial, and its power allows wide reception, especially at night.

## Del Nicklaus Joins Men's PE Staff

Del Nicklaus has been added to the men's physical education staff at State College of Iowa. A former Panther basketball star, Nicklaus will also do graduate work.

A native of Parkersburg, Nicklaus graduated from SCI in 1957. He was an all-North Central Conference cager and at one time held the league rebounding record. He ranks 9th in SCI career scoring with 604 points.

Nicklaus is an army veteran and has taught in the Waterloo school system. His appointment, effective this fall, was announced by Dr. William C. Lang, dean of instruction.

## Bumper Crop of Titles for College

1960-61 was a banner sports year for the College.

The Panthers won over 80 percent of their athletic events in 1960-61, including four North Central Conference championships, three second-place finishes, and one third.

The football and baseball teams accepted invitations to post season games. Those two sports, along with wrestling and tennis, won league titles.

In eight sports, the Panthers won 71 and lost 17 for an 80.7 winning percentage.

Sport	Record	Pct.	Place
Track	9-0	1.000	2nd
Football	9-1	.900	1st
Cross Country	7-1	.875	2nd
Wrestling	10-2	.833	1st (tie)
Golf	4-1	.800	3rd
Basketball	16-5	.762	2nd
Baseball	11-4	.733	1st
Tennis	5-3	.625	1st
Totals	71-17	.807	

## Iowa City Junior Paces Track Team In Successful Year

For the second straight year, John Raffensperger led the Panther track team in scoring.

The versatile Iowa City junior compiled 127 points. He competed in the sprints, low hurdles, broad jump and sprint relays. Raffensperger, an all-North Central Conference end for the Panther football team, led the cinder team last year with 54 points, giving him a two-year total of 181.

Other top scorers this spring were Gary Shoemaker of Cedar Falls (79), Max Huffman of Spencer (78), Paul Drefke of Emmetsburg (73), Hal Byram of Marengo (62), Dick Dotson of Waterloo (58), Larry Markley of Clinton (58), and Dennis Corwin of Cedar Falls (57).

Huffman broad jumped 22-9 and Dotson vaulted 13-4½ for new school indoor records.

Coach Art Dickinson's team won nine dual and multi-team meets during the year. The Panthers set five and tied two records in meets and relays they entered.

The Panther cindermen placed second in the conference meet.

### Football Schedule

Sept. 16	at Bradley, 8 p.m.
Sept. 23	Mankato State, 8 p.m. Band Day
Sept. 30	at N.D. State, 7:30 p.m.
Oct. 7	at Drake, 1:30 p.m.
Oct. 14	Augustana, 1:30 p.m. Homecoming
Oct. 21	at Morningside, 8 p.m.
Oct. 28	North Dakota, 8 p.m. Dad's Day
Nov. 4	South Dakota, 1:30 p.m.
Nov. 11	at S.D. State, 1:30 p.m.

## First C. B. McDonald Scholarship Given To Polk City Student

Miss Deann Armann of Polk City, Iowa, is the first recipient of the C. B. McDonald award.

The C. B. McDonald award provides substantial financial assistance in the form of a combination grant and loan to a promising student demonstrating

Miss Armann

a financial need and willingness to invest in his own education. The award grants \$1,000 for four years of study, plus the opportunity to borrow up to \$1,400 during the four year period.

The purpose of this award is to enable one promising student each year to continue his education without having to do an excessive amount of outside work. Applications may be obtained from the Director of Alumni Affairs, State College of Iowa. Applications should be on file not later than March 1, 1962 for consideration for the 1962-63 school year.

Miss Armann is interested in preparing to become an elementary teacher. She ranked second in a class of forty-three at the North Polk Community School and was very active in the school's music and dramatic activities. Her score on the American College tests ranks her among the top 5,000 of those high school seniors taking the test.

Miss Armann accepted an invitation to work with a group of superior students during the 1961 summer session in an enriched program designed to give them a head start in college with a group of their intellectual peers.

Funds for the scholarship were made available by Alumnus C. B. McDonald of Cleveland, Ohio. Mr. McDonald is senior partner in the investment banking firm of McDonald and Company.

## Staley, '37, Named To Presidency of Alumni Association

**M**ARION STALEY, B.A. '37, was elected President of the Alumni Association at the Annual Business Meeting June 4, 1961.

Miss Staley received her M.A. at State College of Iowa in 1955. She is principal of the Irving Elementary school in Waterloo. She has served as a member of the Board of Directors and as vice-president of the Alumni Association during the past year.

Staley

Walter E. Brown, B.A. '38, was elected vice-president of the Alumni Association. A former science teacher,

Brown

Mr. Brown has been with the Kiowa Corporation of Marshalltown since 1945. Mr. and Mrs. Brown (Gwendolyn McCague, B.A. '37) reside in Marshalltown.

Stanley Reeves, B.A. '38, was elected to the Board of Directors of the Alumni Association for a term of three years. Mr. Reeves is presently principal of the Horace Mann Elementary school in Clinton, Iowa. Mr. Reeves received his M.A. from the State University of Iowa in 1948. He has been associated with the Clinton public schools since 1946. Directors of the Alumni Association who will continue to serve during 1961-62 are Mrs. George Hutchinson, Manchester; Mr. Perry Grier, Waterloo; Mr. Raymond Sorenson, Grinnell, Mr. Donald Barker, Iowa Falls; Dr. Caryl

Reeves

## Notice of Amendment To Constitution

WHEREAS by legislative action the name of the Iowa State Teachers College has been changed effective July 4, 1961 to "State College of Iowa;" and whereas there are numerous references in the constitution of the Alumni Association of the "Iowa State Teachers College," and the said constitution needs to be amended to reflect the new name of the college;

NOW THEREFORE be it resolved that the constitution of the Alumni Association of the Iowa State Teachers College be amended as follows:

1. Wherever in the present constitution the words Iowa State Teachers College appear they shall be stricken and there shall be substituted therefor the words State College of Iowa.

(The above Amendment was passed by a unanimous vote of those present at the Annual Business Meeting of the Alumni Association June 4, 1961. To become binding it must be passed by a two thirds majority at the next annual Meeting of the Association.)

## Fund Established in Memory of Dr. Begeman

Friends and relatives of Dr. Louis Begeman have established a sizeable fund in his memory with the Foundation. At present the interest from this fund, along with other memorial funds, is being used to endow the Faculty Memorial Scholarship. It is hoped that an endowed science scholarship of at least \$100 per year may soon be established in Dr. Begeman's name. Former students and friends who wish to participate may send their gifts to the State College of Iowa Foundation so designated. Dr. Begeman served the college nearly 60 years, 23 of which he was head of the department of physics and chemistry. He was one of the pioneers in Atomic Research.

Middleton, Cedar Falls and Mr. Milo Lawton, SCI Director of Alumni Affairs.

# 1911 Campus School Grads Reunited Here in June

**A** FIFTY YEAR reunion of the June, 1911, graduating class of the Teachers College High School was held in Cedar Falls June 15 and 16.

The school, now known as the Malcolm Price Laboratory school, was housed on the third floor of the present College auditorium building and in Gilchrist Hall in 1911.

All but two of the living class members attended the reunion. One class member, Akbar Bryson, is deceased. Class president and co-chairman of the reunion was Mrs. Charles Kramer of Santa Barbara, Calif. Says Mrs. Kramer "We think it is quite remarkable that all but one of our class survive, with most of the men being in-

volved with two world wars since our graduation."

Plans for the reunion included dinner meetings, discussions, and campus tours. In charge of arrangements was Dr. Alvin Tostlebe, B.A. '16, of Wooster, Ohio.

Those attending the reunion were Mrs. M. L. Begeman (Hazel L. Flagler, B.Di. '13), Austin, Texas; Mrs. Byron Ruethain (Hazel Shillinglaw, B.A. '14), Little Rock, Ark.; Mrs. Byron Langworthy (Miriam Bender, B.A. '14), Des Moines; Mrs. William Steadman, Union Grove, Wis.; Dr. Arthur McMahon, B.A. '15, Menomonie, Wis.; Mrs. Andrew Sorenson (Dora Thuesen, B.A. '19), Pittsburgh, Pa.; Waldo Hotchkiss, Ft. Lauderdale, Fla.; and Mrs. L. L. Hoffer (Bess Bolster, B.Di. '13), of Cedar Falls; Mrs. Howard Chase (Inez Wilson, Kg. '14), Pacoima, Calif.; Mrs. William Ford (Gladys Palmer, B.Di. '16), Sierra Madre, Calif.; and Mr. and Mrs. Charles Kramer (Esther Shoemaker, B.A. '27).

**Row one (from left)—Dr. Alvin Tostlebe, Mrs. Margaret Steadman, Charles Kramer, Mrs. Howard Chase.**

**Row two—Dr. Arthur McMahon, Mrs. H. H. Hoffer, Mrs. Charles Kramer, Mrs. M. L. Begeman, Mrs. William Ford.**

**Row three—Waldo Hotchkiss, Mrs. Byron Langworthy, Mrs. Byron Ruethain, Mrs. Andrew Sorenson, and Grant Martin.**

**Absent were Mrs. Margaret Steadman of Union Grove, Wis., and Earl Mix of Minneapolis.**

# Stout, '28 and Wagner, '26 Receive Alumni Awards

**T**WO ALUMNI, Minard W. Stout, Coral Gables, Florida, and Guy W. Wagner, Cedar Falls, received 1961 Alumni Achievement Awards at the 84th Commencement exercises held at the College June 9, 1961.

**Dr. Stout**, director of development at the University of Miami, was cited for outstanding professional achievement in the field of educational administration. Dr. Stout, B.A. 1928, has his M.A. and Ph.D. from the State University of Iowa. He served as high school principal at Monticello, Fort Dodge, Laboratory high school of the State University of Iowa, Rochester, Minn., Laboratory high school of University of Minnesota. He was professor of secondary education at the University of Minnesota from 1947-52 and President of the University of Nevada from 1952-58.

He was vice-president of Research and Development for the Curtis Wright Corporation and is presently Director of Development at the University of Miami.

Dr. Stout has held numerous offices including: President of the Iowa State Teachers College Alumni Association; President, Iowa Junior College Association; Chairman, Big Nine Principals Association; Chairman, Minnesota Principals Association; President, Laboratory School Administrators Association.

He has had numerous articles published in the area of Secondary Education and was cited for "Outstanding contributions toward the advancement of secondary education" by the Shattuck School, Faribault, Minn. at the time of its 100th Anniversary.

**Dr. Wagner**, Director of Curriculum Laboratory and Acting Head of the Department of Teaching at State College of Iowa, was honored for outstanding professional achievement in education.

Dr. Wagner, B.A. 1926, received his

Wagner

Stout

M.A. and Ph.D. from the State University of Iowa.

He served as high school principal at Olds and Colesburg in Iowa and at the Campus Laboratory school at Oswego State Teachers College, Oswego, New York. He served as elementary and junior high school supervisor in the Ames public schools and held positions in the education departments of Syracuse University, Shrivensham American University, Shrivensham, England, and Wartburg College. In 1941 he became head of the Department of Teaching at State College of Iowa and was made Director of the Curriculum Laboratory in 1945.

Dr. Wagner has written extensively for state and national education publications.

He has been a consultant for the production of the education edition—**Readers Digest**, Editor of Iowa State Department of Public Instruction curriculum guides, contributing editor of **Midland Schools**, and Association Editor of **Education Magazine**.

## Special Education Faculty Appointed

An authority in special education, Dr. Stanley C. Knox, has been appointed to the department of education and psychology at the College. Dr. Knox will offer work for which there has been considerable demand in the training of students preparing to work as teachers with retarded or gifted children.

# Reunion Classes Meet at Graduation

**T**HE MEMBERS of the classes of 1901, 1911, and 1936 were honored at the Annual Alumni-Faculty Reunion June 4th.

Mrs. Nell Woods Black, reunion chairman for the class of 1911, was unable to greet her former classmates because of an accident in which she broke her leg just prior to June 4th. Dr. Daryl Pendergraft, assistant to the President presented each member of the class returning a medal commemorating their 50 year anniversary and Dr. Robert Getchell acted as class chairman.

Those present were: Nell Allison Smith, Helena T. Bakewell Omlie, Ellen Boothroyd Brogue, Dorothy Buell Hughes, Loretta Conway Stapleton, Bernice M. Daniels, Helen Deck Wilcox, Vera DeSeelhorst Morrison, Eva Fallgatter Vorhies, Catherine E. Gifford Royal, F. Russell Glasener, Julia Lynn McManus, Robert A. Moorhead, Clara Emma Nolte, Clara Bertina Olson, Iva M. Palmer Graham, Alma Pearson Grimes, E. Grace Rait, Gertrude Riefe Peterson, Lucille Runkle Kurtz, Fannie Russell Dillon, Fred Vorhies, Julia Warden Secor, Lura Wentworth Carter, Arthur "Jap" Wil-

bur, Ruth Wright Swanson.

Members of the class of 1901 set a new attendance record for the 60 year class with nine members present to receive their medals. They were: Belle Griffiths Philpot, Ella Lund Hathaway, J. Ralph Magee, Laura Baldwin Schwyhart, George C. Cleveland, Clifford S. Dunham, William F. Schregardus, Lois Willson Honeyman, Mark I. Roberts.

Members of the class of 1936 were on hand for their reunion Sunday morning where they were greeted by Dorothy Streeter Petersen, chairman for the class. Those present were: Aletha Tietjen Alt, Howard Barry, Thomas H. Boardman, Edith Reaney Busch, Charles G. Fry, Dorothy Gallo-way Hanisch, Amy Austin Hill, Dorothy Winter Mast, Jvonne Lowrie Maxwell, Mildred Phillips Lauritzen, Norman O. Mikkelson, Eleanor B. Olson, Betty Kurtz Robinson, Robert B. Ruby, Katherine Petersen Sabatka, Helen Gillespie Stocker, Murtis Weihe Thoreson, Frances Suter Thorson, Marcia Esther Traer, Lelah Hanson Varner, Edward F. Volberding, Doris Veit Larson, Stanley James Schmelling, Elaine C. Homan.

**CLASS of 1901, left to right—Back row—Wm. Schregardus, J. Ralph Magee, Clifford Dunham, George Cleveland, Mark I. Roberts.**

**Front row—Laura Schwyhart, Lois Honeyman, Ella Hathaway, Belle Philpot.**

**Commencement, 1961**

**CLASS of 1911**, left to right—Front row—Nell Smith, Julia McManus, Clara Olson, Lura Carter, Gertrude Peterson, Julia Secor, Bernice Daniels, Alma Grimes.

Middle row—Helen Wilcox, Dorothy Hughes, Iva Graham, Ellen Brogue, Helena Omlie, Loretta Stapleton, Arthur (Jap) Wilbur.

Back row—Ruth Swanson, Lucile Kurtz, Eva Vorhies, Fred Vorhies, David Lee Shillinglaw, Robert Getchell.

**CLASS of 1936**, left to right—Front row—Aletha Alt, Helen Stocker, Margaret Emmel, Amy Hill, Katherine Sabatka, Mildred Lauritzen, Elaine Brunko, Eleanor Olson.

Middle row—Elaine Homan, Leilah Varner, Betty Robinson, Frances Thorson, Ray Sorensen, Edith Buesch, Murtis Thoreson, Dorothy Mast.

Back row—Norman Mikkelson, Lee Bader, Thomas Boardman, Stanley Schmelling, Charles Fry, Ed Valberding, Howard Barry, Robert Ruby.

## Ten Alumni Given Awards for Service To the College

Alumni Service Awards were presented to ten alumni and Faculty members at the Alumni Faculty Reunion Luncheon, June 4, 1961. Through these awards the Alumni Association recognizes meritorious Service to the College and the Alumni Association.

Those recognized were:

Noel Bacon	George Robinson
A. E. Brown	Leland Sage
Margaret Divelbess	Myrtle Stone
	Lawrence (Mon) Whitford
Bartley Ogden	Ida May Wilson
J. Owen Perrine	

### Dr. J. O. Perrine Returns to SCI

Dr. James O. Perrine, nationally known physicist and a past vice president of the American and Telegraph Company, now retired, has been appointed temporary professor of physics in the SCI department of science by Dean W. D. Lang.

Dr. Perrine taught in the science department at State College from 1909 to 1920.

## Misimpression in May Alumnus Corrected

In the last issue of the Alumnus an article attempting to show the growth and progress of the College over the years gave an unfortunately misleading comparison between the number of graduates in 1929 as compared with 1959.

In quoting from the January, 1930, ALUMNUS, the article gave the Commencement figures for the fall term only instead of for the entire year as was given in the figures for 1959.

At that time, commencement exercises were held at the close of each quarter, or four times a year. A total of 323 baccalaureate degrees were awarded from the summer of 1929 through the academic year 1929-30. In addition, 679 persons received certificates or diplomas for two-year, one-year or critic in training studies.

In comparison, from the summer of 1959 through spring of 1960, a total of 703 persons received baccalaureate and master of arts in education degrees.

The ALUMNUS is extremely proud of the progress the College has made

Row 1—Myrtle Stone, Margaret Divelbess, Bartley Ogden.

Row 2—Leland Sage, George Robinson, Lawrence (Mon) Whitford, and A. E. Brown.

## Dr. Cable Honored At AXE Reunion

Dr. Emmett J. Cable of the State College of Iowa was honored for 40 years of service as sponsor of the Beta Chapter of Alpha Chi Epsilon social fraternity Saturday, June 3, 1961.

One hundred and sixty alumni and active members of the fraternity were present at the dinner held in Dr. Cable's honor making it the largest AXE reunion ever held at the College.

Dr. Cable became the faculty spon-

through the years from its first offering of the minimum training required for teaching in 1876 to the present four-year curriculum, and graduate programs for the master of arts and specialists in education degrees.

sor of the group in 1920. He has been associated with the State College of Iowa since 1905. He was head of the natural science department from 1917 until 1937. He served as head of the science department until his resignation in 1948, and is now an emeritus professor and curator of the science museum.

The alumni and active members of the fraternity have given \$200 to the College Foundation which will include Dr. Cable as one of the benefactors of the Faculty Memorial Scholarship. This is an endowed scholarship which will provide at least \$100 to a junior student at S.C.I. for outstanding scholarship and leadership. A bronze plaque commemorating the Faculty members in whose names these gifts have been given will be on display this fall.

*We hear  
from alumni...*

The following persons received M.A. degrees from Iowa State Teachers college June 9, 1961: Bruce R. Ambler; Richard W. Barnett; William L. Campbell; Kenneth L. Christensen; William D. Otis (B.A. '49); Thomas G. Emde; Quinten C. Grosskopf; Dennis P. Jensen (B.A. '57); Joseph R. Jersey; Sylvester E. Karis; James H. Larson; Willis J. Magruder; Donald C. Moody (B.A. '58) John B. Mueller; Raphael C. Neary (B.A. '53); Richard H. Niedert (B.A. '57); John D. Parker; Clifton B. Randall (B.A. '60); Robert C. Rubenow; Dean L. Schwarz (B.A. '60); Harrison L. Seip; Joseph J. Snoble (B.A. '58); Robert H. Sprague; Daryl E. Stansbury (B.A. '52); Roger W. Stevens; William E. Stock (B.A. '57); Loren W. Stouffer (B.A. '58); Bill D. Syhlman (B.A. '56); Donald J. Van Loon; Jack L. Wielenga (B.A. '55); Neal K. Winkler and A. Dale Wood (B.A. '58).

### '81

Mrs. Clara Glasgow (Clara Willey), Elem. '81, was honored by the Spencer Grace

Methodist Church on Mother's Day. She is 99 years of age and lives at Friendship Haven, Fort Dodge.

### '09

Mrs. Frederic C. Schmidt (Elizabeth F. Burney) PSM '09, has retired from the Music Department of the State Teachers College at Minot, N. Dak. and is making her home at 20 Evans St., Woodlawn Apts. 1A, Iowa City.

### '10

## '58 & '59

Marcia Lorene Brown (B.A. '59) and Robert Duane Knock (B.A. '58), Cobb, Wisc.

# THE MAIL BOX

Alumni are invited to send us news about themselves or other graduates. We will print as many as we have room for. We must reserve the right to edit the letters to meet space requirements.

We now live here in Tacoma after our retirement from teaching last July 1960.

Our teaching has extended over the past 37 years, 22 years of that time we were teaching under the Bureau of Indian Affairs, Washington, D.C. The first 7 years of this period were in a boarding school for Navajo Indians at Shiprock, N.M.

The next 15 years under Government Service was spent in Alaska at three different stations. These were the two-teacher Day Schools for Eskimos in the remote villages of Point Hope, Noorvik and lastly at Gambell on St. Lawrence Island in sight of the Siberian coast. In these Eskimo schools the load was heavy with not only a large enrollment but considerable community work to do also. The Community work in these Eskimo villages included the tremendous responsibility of handling the medical work for the entire villages. Other community activities included the native store, the welfare program, weather observations, radio schedules, reindeer superintendent, marriage commissioner, post office, tourists and visitors.

The teaching years prior to government service included 15 years of service in Iowa schools.

At the present time we are living on a small farm on the outskirts of Tacoma. We have about 40 head of Hereford cattle and 10,000 fryer chickens to keep us busy now.

We would appreciate it if you would put our names on the mailing list for the *Alumnus*. It has been a long time since we have received any copies. We would like to read news of *ISTC* once more.

**Earl D. Alexander, B.A. 1924 and Janet Galford Alexander, B.A. 1925. 7805 East Burnett St., Tacoma 4, Washington.**

---

I have been basketball coach here for the past 14 years and during that time have never finished out of the first division. During the time we have won 273 games and lost 76.

We have a real Teachers College group here now:

**Arlee Butterfield — B.A. '29 — Mathematics**

**Dr. Russell Hackler—B.S. '32—vice-president in charge of student activities**

**Raymond A. Pingel—B.A. '37—Business Education**

**Adeline Langrock — B.A. '46 — Girls Physical Education**

Along with this group is the Superintendent of School, San Bernardino City System, F. E. Mueller, B.A. '28. **Ray Blake, B.S. '38, San Bernardino Valley College, San Bernardino, Calif.**

---

I was an M.Di. graduate in 1909 and at the age of 87 am caring for a ½ acre lot that has many fruit trees, beautiful lawn about the house with Crepe Myrtle, Flowering Peach, Western Lilac, Bridel Wreath with Geraniums along the driveway and about the house, with a Honey Suckle at the southwest corner of the house that belongs to my daughter, Frances, who right now and for the next two years is in the Yokota Air Force Base, Japan. So far this spring the early part of the days has been cloudy and very cool with no rain so far this year. Very, very dry.

**Frank J. Mathews, 24220 Webster, Sunnymead, Calif.**

# Scholarship Deadline Is March 1

Graduates of State College of Iowa desiring to do advanced study at any college or university will be given consideration for a Merchant Scholarship Award if application is filed prior to March 1. The final decision will be announced April 15.

Approximately \$3,000 is available for the current award. Funds are provided

under the will of the late Professor Frank Ivan Merchant and Kate Matilda Merchant, and awards are made by decision of the president of the college and department heads.

Special application blanks may be secured by writing to the Merchant Scholarship Committee chairman, Dr. Myron Russell.
